1 Notes on the list of referents

This document collects lists of the indexed referents in version 2101 (from January 2021) of the Multi-CAST English corpus. Unless a more recent version of this document exists, it also applies to any later versions of the annotations. The information listed here is also available in TSV format from the Multi-CAST website. Please refer to the RefIND annotation guidelines (Schiborr et al. 2018) for details on the annotations.

Semantic classes of referent

hum	*human*	human beings and anthropomorphized non-humans
anm	*animate*	animals
inm	*inanimate*	inanimate physical objects
bdp	*body part*	body parts of human beings and animals
mss	*mass*	non-individuable masses like water or sand
loc	*location*	physical locations and places
tme	*time*	points or periods of time
abs	*abstract*	emotions, thoughts, ideas, speech, etc.

Relations between referents

<	*set member of*	(partial co-reference)
	is member of a previously introduced referent containing multiple entities	
>	*includes*	(split antecedence)
	contains multiple entities previously established as separate referents	
M	*part-whole*	
	is part of another entity or mass that was previously established
